NUMBER 2

ANNUAL STUNT BY SENIORS

Old-Fashioned School Presented by
Seniors Proves Entertaining
to All—Weiner Roast.

The annual Senior Stunt was given Thursday, Oct. 5. The Senior colors, green and white, appeared in the shape of ties, ribbons, bows, and socks. The main event of the day was "The Old-Fashioned School," put on in the Auditorium at the assembly hour.

As Arthur Darnell, the pedagogue, rang the school bell, a noisy bunch in short aprons and overalls, with the traditional paraphernalia of stick candy, paper wads and huge "joggerphies," trooped in. Peoria Illinois, Sarah Maude Ford 1916 Model, Saratoga Chips, Chauncey Leonidas Percival Chubb and others responded to the roll call. School work began with the song, "Twenty Froggies," sung in twenty different keys. It developed during the recitation that the Seven Wisest Men in the world were Swinehart, Schuler, Wells, Belting, Cook, Cauffield and Foster; and that the world was "what the Juniors wanted and didn't get." Many of the faculty could hardly refrain from joining in "State of Maine, Augusta."

Side shows to the main work of the school were: Joe Lukens, the dunce with his grins, joys and woes, jam, balloons, pacifier and sore toe; Warren Breit, the teacher's pet, in an immaculate suit of white; J. E. Marsh, the naughty boy who tormented teacher's pet; and Mary Sewell, who charmed the audience with her sympathetic sobs as the naughty boy was punished.

After work in the "three R's" the visitors and fond mothers were treated to a last day program. All students joined in the chorus of "Old Oaken Bucket" with appropriate gestures. Timid little ones made heroic efforts to conquer "Mary had a Little Lamb," and "Inkle, Inkle, Little Tar." Essays on "Boys" and "Benjamin Franklin" were given by the brilliant minds of the school. The prize number on the program was a song, "My Kitty," by all the boys. Every one thought real dramatic talent lay behind the expression and gestures of the singers.

The teacher in a neat closing speech admonished all his pupils to be good and become great. If they

(Continued on Page 2)

Y. W. C. A. NOTES.

The reports of the Y. W. C. A. Conference at Estes Park were given by the delegates, Misses Dona Peter and Harriett Van Buren at the regular meetings October 4 and 11.

Miss Peter told of the trip to and from the park, of the nature of the conference grounds and the life there including an account of the recreations afforded the conference students. A detailed account of the conference life itself was given by Miss Vanburen. She described the various meetings, the Bible and mission study classes, and the spiritual tone of both the study life and the surrounding country.

Miss Anne Sillers has been elected vice-president of the Y. W. C. A. to succeed Miss Olivette Godsey, who is studying in Kansas City to become a nurse. Miss Ella Moore has been elected as secretary to take the place of Miss Eleanor Richey who is not in school this quarter.

All girls wanting work on Saturdays and evenings after school, please give your names to any one of the following persons: Misses Elizabeth Hoover, Ruby Irwin and Mrs. Alice Perrin.

Miss Dorothy Dale represented the Normal Y. M. C. A. at a meeting of the Foreign Missionary Societies of the Methodist Episcopal Church in St. Joseph, October 12 to 15. At a meeting of the students Friday afternoon, Miss Dale told of the work of the Normal school and its Missionary work.

NORMAL STUDENTS GIVE LECTURES.

Four members of the Public Speaking class will be given actual experience in their work, when they will lecture on the Third Amendment to the Constitution, Sunday, Oct. 22. Nemcomb Wagers and Eugene Bird will speak at Harmony, and Chas. Mc Reynolds and Bruce Wilkerson will speak at Wilcox. Harry A. Miller, head of the Department of Public Speaking, will deliver a lecture at Burlington Junction the same day.

PHILO NOTES.

Ray McPherron, a loyal Philo who is now a student in the Medical department of the University of Missouri, was recently taken into the Phi Beta Pi medical fraternity. The requirements for membership in this organization are quite rigid, so it is a matter for hearty congratulation. A member is required to possess social standing and ability as well as high rank as a student. We are delighted to see the Philos making good, when passing from from this to other institutions.

At a recent Philo meeting, a letter from Henry Miller, '16, was read. Henry is now principal of the High School at Linden, Mo. Among other good things he tells us that he has organized a literary society among his pupils. There are members, each of whom, he says, is an enthusiastic Philo! Three cheers for Henry and for the new Philomathean society.

The following weighty question was discussed extemporaneously at the regular Philo meeting October 5. Resolved, that when you really look in the glass, you really see something. Misses Ella Moore and Lesan represented the affirmative and Miss Fannie Patton and Joe Lukens the negative. Each debater proved to his own satisfaction at least, that he was right; so confusing the judges, N. C. Wagers and George Wamsley, that they were not able to agree. One vote was cast for each of the affirmative and the negative.

An interesting and well worked out debate was the principal number on the Philo program, Oct. 12. The question, Resolved that the Third Amendment should be added to the State Constitution of Missouri was ably handled by N. C. Wagers and Miss Helen Drake on the affirmative and by Arthur Darnell and John Cooksey on the negative. The debate was quite opportune as several of the young men of the school were preparing speeches on this subject. After some deliberation the judges decided in favor of the affirmative.

The Philos could not see these lovely moonlight nights going to waste without some special jollification, so on Monday, Oct. 9, they made preparations for a moonlight picnic and weiner roast. At six o'clock a jolly bunch including the chaperon, Miss Ruth Hunt, set out from the Normal building laden with the various eats. These were carefully watched, especially the bottles of cream, for some

BEAR CATS WIN VICTORY

Splendid School Spirit Shown During Game—Bear Cats Win from
Palmer College, 26 - 0.

The Bearcats won the first football game of the season, when they defeated Palmer College of Albany, at Maryville, Oct. 6. On the afternoon of the game all classes were dismissed at 2:30. A short "pep" assembly was held and then the entire student body, with the exception of the team marched thru the principle streets and the public square of Maryville. After they had given their yells they marched back to the field for the game. The cheering under the direction of the leader, Don Roberts and his assistants was probably the best the Normal has ever had.

The game began at 3:30. Captain Pickens won the toss and chose the west goal. Palmer kicked off and Maryville quickly ran the ball back to the ten yard line. A forward pass to Scott scored the first touchdown for Maryville. Garard failed to kick goal. Score 6-0. Albany chose to kick off. Maryville received the ball and again rushed it down the field toward Palmer's goal. Scott again went across the line for a touchdown on a forward pass. This touchdown was disputed by Palmer, as the ball was touched by a Palmer player before Scott caught it but the touchdown was allowed by Referee Moore. Garard kicked goal. Score, 13-0. Albany kicked off and Maryville advanced the ball to the 20-yard line as the whistle blew for the end of the first quarter. The second quarter opened with the ball on Palmer's 20-yard line. The ball was carried forward by line bucks and Andrew went across the goal line for the third touchdown. Garard failed to kick goal. Score, 19-0.

Palmer received the ball at the start of the third quarter. Maryville held them for downs and for the remainder of the quarter, the ball was alternately in the possession of Palmer and Maryville, neither side having a decisive advantage.

The fourth quarter opened with Palmer in possession of the ball. After a few minutes of scrimmage, Maryville got the ball and on a forward pass Scott scored a touchdown. seemed to feel that the bearers of

WEDNESDAY, OCTOBER 18, 1916

ANNUAL STUNT BY SENIORS

(Continued from Page 1)
could not become presidents of the United States, they might become presidents of Normal Schools; this wish was ably seconded by Joe, the dunce. School was declared closed and pupils, teacher and books made their exit to the tune of "School Days."

At five o'clock the Seniors met on the foot ball field and rooted for the team. Then they walked to the Normal Park carrying all the requisites of an up-to-date weiner roast. There the class engaged in different games, sang songs and yelled for the Normal and Seniors. The most important part of the day's activities came next, that of preparing and eating the lunch. The townspeople were acquainted with the fact that the Seniors were out by the class yells and songs given on the way home. Old Junior yells had to be remodeled into Senior yells. Some one remarked that the haw tree blossoms that graced the Junior hike of last year were now fruit. So time and Nature change.

BEAR CATS WIN VICTORY.

(Continued from Page 1)
Garard kicked goal. Score, 26-0. The game ended with the ball in Maryville's possession near the center of the field.

Scott was the individual star for Maryville, scoring 3 touchdowns on forward passing and carrying the ball around right end for good gains several times. Garard made two of Scott's touchdowns possible by his excellent passing of the ball. He also twice kicked goal after touchdowns. Blagg deserves great credit for his offensive and defensive playing.

Palmer's strongest point was her forward passes. Maryville seemed unable to successfully break up her play. She also worked a trick play, a delayed forward pass for good gains.

The teams lined up as follows:
Maryville—Farmer, l. e.; Blagg, l. t.; Sawyers, l. g.; Brown, e.; Hahn, r. g.; Blerrum, r. t.; Scott, r. e.; Pickens, q. b.; Andrews, l. h. b.; Hubbard, r. h. b.; Garard, f. b.

Palmer College—M. Holden, l. e.; M. Green, l. t.; Lowe, l. g.; H. Green, e.; O. Green, r. g.; Twist, r. t.; Price, r. e.; Hatton, q. b.; Lenhardt, l. h. b.; Gibson, r. h. b.; T. Holden, f. b.

Substitutions—Maryville, Bird for Hubbard; Gannon for Hahn. Palmer, Cox for Gibson, Flowers.

Touchdowns—Maryville, Scott 3, Andrews. Palmer—None.

Kicked Goals—Maryville, Garard, 2.

Officials—Referee, Charley Moore. Umpire, K. H. Schatz of Albany. Head linesman, Walter Wray.

The students were so well pleased with the results of the game that they finished their celebration at night. Two hundred students met on the court yard lawn at seven thirty. Here they formed a parade. A bonfire served its purpose of cremating Palmer College. The students then assembled before the Fern Theatre. Upon hearing their yells, the manager opened the door and said, "Walk in," and in they walked. Thus closed the celebration of our first football victory. The Bear Cats go to Cameron, Friday, Oct. 20, for a game with the Wesleyan team.

PHILO NOTES.

(Continued from Page 1)
these articles were untrustworthy. However, everything arrived safely at Normal Park, where a roaring fire was soon built. Bruce Wilkerson distinguished himself at this task, bringing in one huge stump, then considering that he had done enough, devoted himself to more congenial pastimes.

The party amused themselves by playing various intellectual and dignified games, such as "Drop the Handkerchief" and "Three Deep." When the demands of the ravenous became insistent they repaired to the fire, where a generous "feed" was soon spread. After several prongy weinie sticks had been prepared, a supper consisting of sandwiches, pickles, weiners, fruit salad and coffee was eaten. During the feast the excellence of roasted pickles was demonstrated to one extremely gullible member. Soon it was learned that a greater part of the marshmallows had been forgotten.

After every one had had as much, and several people twice as much, as they wanted, Miss Elizabeth Hoover related the thrilling tale of the man who changed his nationality in the air.

By and by the fire died away, but the moonlight was so beautiful that no one was contented to go home. Some one proposed that they all attend the show at the Fern. Every

one was in favor of this. On the way to the movies several members of the faculty were serenaded. On reaching the Fern the manager invited the entire crowd to see the show. This kindness was very much appreciated. On the whole, it was a very happy occasion, the only cause for regret being the forgotten marshmallows, and these served to sweeten the next session of the literary society.

ATHLETICS FOR WOMEN.

The women of the school have shown their interest in athletic work not only by standing on the bleachers and rooting for the Football team, but also by forming Volley ball and Hockey teams. Miss Mary Boggs, director of athletics for women, has charge of the work. Those composing the volley ball teams are: Misses Agnes Brewer, Hazel McComb, Maud Bauer, Marie Grundy, Eleanor Hollenbeck, Hildred Pousch, Lena Carpenter, Edith Marsh, Ivey Messenger, Thelma Eaton, Jean Moore, Zelma Linville, Ella Jenkins, Cleo Lesan, May Hatfield and Emma Kernen. The two hockey teams are composed of: First—Misses Lola Wright, Edith Anderson, Willie Cozine, Retha Robertson, Marjorie Wil-

fley, Katie Apblanalp, Myrtle Wells, Olive DeLuce, Katherine Helwig, Gladys Patton, Mary Andrews, and Cecile Fished, and Second; Misses Brownie Helpley, Merle Levy, Alma Lucas, Hettie Anthony, Beulah Bullerdiek, Leora Elwood, Katherine Carpenter, Birdie Ozenberger, Hazel McComb, and Mahala Saville.

The 120-hour division of the graduating class met Tuesday evening, Oct. 10, for the purpose of organizing and discussing the work of the year. The following officers were elected: Joe Lukens, president, Elizabeth Sobbing, secretary, and Warren Breit, treasurer.

The following exchanges have been received this year:

The Normal Student, Warrensburg.
The Phoenix, Tarkio.
The Criterion, Cameron.
The College Farmer, Columbia.
Teacher's Exchange, Corvallis, Oregon.

Obe Williams, who will be remembered as an active Carroll Countian this summer, is superintendent of the DeWitt Public Schools this year. Already a new piano has been placed in the school. Mr. Williams is beginning his good work early.

ASSEMBLY NOTES.

The students were entertained during the assembly period, Oct. 3, by Miss Porter and Fred Lewis Hakel of the faculty of the Conservatory of Music, and Vladimir Jisa, a graduate student in piano. They gave an ensemble program for two violins and a piano.

Dr. S. A. Coile of Lebanon, Tenn., spoke to the Normal students Tuesday, Oct. 10. He told them of the importance of each day's work and of the importance of the right beginning. "One day tells the final record," said Dr. Coile. "We cannot neglect work and say as Rip Van Winkle did 'This does not count,' for we build on our yesterdays whether faulty or not." Faults may be taken out in stone work, but not in our life record." In closing the speaker said, "We are not laying foundations, but we are living life. Today means everything. Today means success or failure."

TRAINING SCHOOL NOTES.

The Training School wishes to announce that they will have a column in the Green and White Courier each month. With this issue appears their first contribution. They will announce the activities of the school and sometimes show samples of school work.

We will entertain the teachers of the five counties which meet in Maryville for the Teachers' Association. The program will show the regular school work.

The pupils of the eighth grade gave a mock trial Thursday, Oct. 5. The occasion for the trial arose when they were writing checks in class one day and one of the boys forged a check upon another. The cross questioning of the witnesses brought forth original answers typifying the real courtroom. The jury, composed of seventh grade pupils, rendered a verdict of guilty and sentenced the victim to the reform school till he was of age.

The Primary grades of the Training School planted a field of pop corn last spring. The fifth grade harvested it and a part of it will be stored for use and the remainder will be marketed. One and one-half

bushels of corn was raised.

German has been introduced into the Training School this fall. The pupils of the seventh and eighth grades go upstairs three times each week and study German under the direction of Miss Bertha Hook, the modern language instructor.

The boys of the seventh and eighth grades have made some very nice flower boxes in their Manual Training class. The boxes are now in use in each room. Mr. Richardson and Mrs. Perrin gave us plants from their window boxes to fill them.

Mrs. Korn of Trenton, Mo., introduced a bill into the legislature in 1914, setting apart Oct. 1, as Missouri Day. This day was observed by the Training School on their regular assembly day, Oct. 3. The program consisted of sketches of the life of Mark Twain and Daniel Boone. Stories and songs were given from the works of Eugene Field.

ALUMNI NOTES.

Ralph McClintock, '16, is superintendent of schools in Clearmont this year. He has already added over one hundred dollars worth of books to the library. A stereopticon machine, a victrola and two manual training tables will be put in soon. Miss Harriet Van Buren will go to Clearmont soon to catalog and classify the books in the library. Miss Van Buren has just finished classifying the Maryville High School Library. She is in King City this week cataloging the library there.

A letter from Miss Ivah Barnes, president of the class of '16, tells us that she is teaching primary work in Nevada, Mo.

Miss Edith Callahan, '16, is teaching near Mendon, Mo. She writes like all former students and alumni, "I miss the Normal so much."

The following students have enrolled the last week: Miss Mary West, Bryan Hudgins, William DeVore and Harold Staples.

Miss Ethel Walter spent Sunday, Oct. 15, with her parents in St. Joseph.

Miss Elizabeth Sobbing visited her mother in Hopkins, Oct. 14.

Reuillard's

—where they all go

This space reserved for
Holmes Jewelry Company

VICE-PRESIDENT OF U. S. HERE.

Honorable T. R. Marshall, vice-president of the United States favored this Normal school with a short visit Thursday, Oct. 12. Because of the rain the students had to assemble in the gymnasium. The visitor was greeted with school yells and songs. Mr. Marshall talked to the students of the real value of the motto, "And the Truth Shall make You Free," above the main entrance to the Normal building. Senator Hoke Smith of Georgia, also talked to the student body a few minutes.

SPANISH CLUB MEETS.

The Spanish Club held its second meeting of the quarter at 612 North Mulberry street, Oct. 11. The early part of the evening was devoted to a business meeting. A constitution was adopted and signed by all present. The club decided to have two meetings a month and passed upon other questions concerning the society.

After the business session the society was entertained with a dramatization of the story of "Three Bears." The actors were Senor Edison Blagg el oso grande; Senor Harry D. Gillis, el oso mediano; Senor Ross McReynolds, el oso pequeno and Senorita Carpenter, elnina. The parts were carried out very well by the actors and afforded the society a great deal of amusement.

The purpose of the club is to promote the speaking of Spanish among the members of the Spanish classes. This will enable the students to put into practical use what they learn

in school, for all conversations are carried on in Spanish.

Near the close of the evening dainty refreshments were served by la Senorita Hook, after which the members departed for their respective homes.

Harry D. Gillis.

EXCELSIOR NOTES.

The Excelsior Literary society met for the first time this quarter, Sept. 14. No program had been planned so a business session was held. The following officers were elected: Charley Skidmore, vice-president; Herbert Pugh, treasurer and Burtin Cotter, Sergeant-at-arms. The president, Miss Bertha Jennings, and secretary, Miss Golda LaMar, were elected at a previous meeting. The membership of the society is not very large at the present but is gradually increasing. A program is held each Thursday afternoon at four-fifteen.

MR. JAMES GODDARD

Grand Opera Soloist.

The first number of the Lyceum Course will be given October 19, by Mr. James Goddard. Mr. Goddard was born and reared on a farm near Knoxville, Tenn. He came from a family with natural music voices, and in his early boyhood days was known as the "Boy Wonder." After having studied for a year with William Clare Hall, tenor, of Chicago, Mr. Goddard sailed for Paris October 19th, 1909, to continue his studies with Jean de Reszke, studying with the wonderful master for two years. He made his debut Oct. 19th, 1911, at Royal Opera, Covent Garden, London, England. After singing the leading bass roles for three seasons Mr. Goddard was engaged for six years with the Imperial Opera of Vienna, Austria, where he sang the leading bass parts for one year, at which time the great European war broke out and Mr. Goddard, like many other artists, was forced to leave Europe and returned to America. According to critics, Mr. Goddard is one of the leading bass baritones on the concert and operatic stage today. The London Times says, "If there exists today a better natural basso than that of Mr. Goddard, it is doubtful to imagine who can be the possessor of it."

Miss Martha Ellsworth entertained at six o'clock dinner Monday, Oct. 9, in honor of Miss Gladys Giffin of Stanberry. Additional guests were Misses Grace Pugh, Beatrice McGrew and Nellie Miller. Miss Giffin was formerly a Normal student.

Joe Lukens spent the week-end Oct. 12, with his parents in Cowgill, Mo.

Miss Adah Ware of Blockow, and a former student here visited the Normal Oct. 5.

Miss Mac Prussman visited at her home in Oregon, Oct. 7 and 8.

THE DISCOBOLUS.

The statue of the Discobolus or Discus Thrower which faces the visitor on entering the building, is a copy of a bronze one made by Myron, a Greek sculptor of the Fifth Century before Christ which is now in the Vatican in Rome. It represents an athlete in the Olympian games at the moment of rest which precedes the throwing of the discus when every muscle of the body is strained to the

utmost, ready to contribute its part to the final effort.

The discus, or quoit, was usually of stone or metal, about four pounds in weight and ten to twelve inches in diameter. The discus thrower did not aim at any mark, but attempted to throw the discus to the greatest possible distance. In the modern revival of the Olympian games in Athens in 1900, the world's record of 118 feet and 9 inches was made by an American, C. Henneman.

The statue shows a very high degree of technical skill in the manner in which the action is represented, the twisted angle of the body being particularly difficult to render. Myron also made sculptures of the Greek gods and heroes, and even attempted the modeling of animals. Myron's "cow" being famous in the ancient world.—O. S. Dell.

CHORUS AT WORK.

A large number of students showed their interest in the music work of the school when they reported for work Friday, September 22. The group decided to put on the opera "The Pirates of Penzance." This opera was written by W. S. Gilbert, the music being composed by Sullivan. It is a burlesque on English customs. It is said that this work has had as much to do with bettering political conditions in England as Dickens' writings did in a social way. This opera was given here in the early spring of 1908 and in Stanberry two years ago. The cast is composed of ten principals and a chorus of thirty voices. The Glee Club meets every Monday and Friday at assembly hours.

WILL YOU LEARN IT?

Come Missouri, here's your Normal Number Five,
Hear ye and know ye, a Normal that's alive.

Maryville's our home town,
High standard is our touch down,
We stand for truth and progress,
No living man can stop us,
Get in step
Get the hang
Come along and join the gang,
Welcome, welcome, to dear old Maryville.

ANNUAL REUNION AT TARKIO.

The fourth annual reunion of the patrons and former students of Tarkio College will be held October 20, on the campus. The program for the day follows: 9:45 a. m., Chapel exercises with brief addresses by Prof. H. K. Noel and other former teachers and students. 2:00 p. m., reunions of student groups including those in attendance in the years 1886, 1896 and 1906 and all commercial students. 3:00 p. m., football game, Tarkio vs. William Jewell. 7:30 p. m., a brief musical and educational program followed by a mock political convention and closing with light refreshments and a social hour.

Miss Opal Hart was a guest of her parents in Skidmore, Oct. 8.

Miss Harriet Van Buren spent Sunday, Oct. 8, with friends in Pickering.

Simpson Goes to Sweden.

Robert Simpson of Bosworth, is now on his way to Sweden, where he will participate in the royal games. Simpson will be remembered as having put his home town on the map three years ago when he broke several records at the Track Meet held on the Normal field. He entered the University of Missouri the following year but according to the inter-collegiate rules was not allowed to take part in athletic contests. His second year's work at the university showed that he was a track star. Simpson's career as a track athlete did not begin with hurdling, in fact, his first entries in track work did not include hurdling. He has now established a new world's record in the 120-yard high hurdle, his time being 14 4-5 seconds.

TOWNSHIP EXHIBIT IN PICKERING.

The Union township agricultural and domestic science exhibit will be held in Pickering Oct. 21. The executive committee is composed of Hubert Garrett, superintendent of schools, and Miss Cora Gehr, Ruth Ramey and Nina Evans, teachers in the public schools. Miss Hettie Anthony and C. H. Belting of the Normal will give addresses at this meeting.

Six girls who are rooming with Mrs. N. F. Humber, surprised Miss Della Andrews, Wednesday evening, October 11, with a birthday spread. A large birthday cake graced the center of the table. Hot chocolate and toasted marshmallows were also served. Mrs. Humber was a guest. The girls giving the party were: Misses Cleo Lesan, Ella Moore, Mary Andrews, Harriet VanBuren, Vera Vivian and Merle Levy.

The following concerning Fred Vandersloot, '16, is taken from the News-Press:

"Fred E. Vandersloot, the new manual training supervisor at Benton High School, who succeeds Harry C. Billman, resigned, is organizing his classes and arranging the work of the department for the term. Vandersloot is a graduate of the Maryville high school, has had a four-year course at the Northwest State Normal school, and will receive his B. S. Degree from that institution next summer. He specialized in manual arts and athletics in both high school and normal and was captain of the Maryville high school basketball team, served two seasons as captain of the State Normal five, where he was awarded four letters in basketball. Before his removal seven years ago to Maryville from Fort Morgan, Colo., he played on high school basketball and football teams.

He comes highly recommended as a proficient manual trainer and track athlete, and should be a valuable acquisition to the Benton faculty."

Miss Myrtle Clouser spent Oct. 7 and 8 at her home in Dearborn, visiting her sister from Millings, Mont.

Habits of Study.

The following suggestions concerning habits of study are taken from The Westport Crier: 1. Have a program. 2. Study away from interruption. 3. Concentrate. 4. Be prompt. 5. Understand the assignment. 6. Reason about your task. 7. Apply your knowledge. 8. Do individual study. 9. Review your lessons frequently. 10. Prepare each lesson every day. 11. Talk about work. 12. Have a will to learn.

Misses Eleanor Hollenback and Gene Moore of St. Joseph, who are attending Normal this quarter visited home folks Oct. 7.
